## Conference Program

We invite you to the 7th joint statistical meeting of the Deutsche Arbeitsgemeinschaft Statistik (DAGStat), hosted by Humboldt-Universität zu Berlin in collaboration with Charité – Universitätsmedizin Berlin and the Federal Statistical Office of Germany. We aim to discuss a wide range of topics from all 16 DAGStat member organizations under the motto “Statistics in times of AI”. This edition features an exhibition on Emil Julius Gumbel, a prominent statistician and anti-fascist advocate, in the Lichthof at Humboldt-Universität zu Berlin.

## Berlin

Berlin is a vibrant city known for its dynamic arts scene and historic landmarks. It is home to some of Germany's best-known statistical institutions and is a hub for scientific collaboration. Founded in 1810, Humboldt-Universität zu Berlin is one of Germany's leading universities with a distinguished history of scholarship. Charité – Universitätsmedizin Berlin, one of the largest university hospitals in Europe, is renowned for excellence in biomedical research and patient care. Both have produced numerous Nobel Prize winners and are major contributors to Berlin's prestigious scientific community.
